Re: *Daily News Charities Inc. v. USA Boxing, Metropolitan Association,*
No. 17-cv-08733-VEC

Dear Judge Caproni:

We write to bring to the court's attention that unfortunately, once again, Metro is not in compliance with the Court's order in this matter. As Your Honor will recall, the parties appeared on Friday, January 26, 2018 on plaintiff's motion for preliminary injunction and defendant did not contest the issuance of the preliminary injunction. The preliminary injunction that was issued prohibits defendant from, *inter alia*, "Using the GOLDEN GLOVES mark or any confusingly similar mark in connection with an amateur boxing event in the New York City metropolitan area, including but not limited to in any way suggesting a relationship with, sponsorship or endorsement by DNC."

Plaintiff has learned that on January 27, 2018 – the day after the preliminary injunction was entered – Dr. Osric King, who is listed at defendant's website as a member of the Board of Directors with the title "Chief of Physicians," (see <http://www.usaboxingmetro.com/board-of-directors.html>), sent an email to several physicians who have previously given physical examinations of boxers participating in the GOLDEN GLOVES tournament. In the email, a copy of which is annexed), Dr. King stated: "The Daily News will not be involved in this year's Golden Gloves and there will be no physicals examination days (see prior email)." As with prior communications made by defendant, this email states that there is to be a GOLDEN GLOVES tournament without plaintiff, which is not the case. This use of "Golden Gloves" in reference to the tournament being run by defendant is in direct contravention of the preliminary injunction.

This is now the third violation by defendant that has come to plaintiff's attention. While the first two were in public forums, this one was forwarded to plaintiff by a recipient who was confused and plaintiff has no way of knowing what other communications are being sent. Plaintiff is concerned that this email is part of a pattern of behavior that may be continuing. Plaintiff therefore respectfully requests that defendant be held to be in contempt for violating the Court's preliminary injunction and that monetary sanctions be levied for this violation and for any future violations of the preliminary injunction. Plaintiff has notified defendant of the violation and the request contained herein.

Respectfully submitted,
